SCAVENGER HUNTS · GRADES 3–5

Geometry Scavenger Hunt

Find each one in the classroom or the school. Write what you found and draw it.

Name: _____ **Date:** _____

Find…	What I found	Draw it
a right angle		
parallel lines		
perpendicular lines		
an acute angle		
a line of symmetry		
a cylinder		
a cube		
a sphere		

A right angle is a square corner. Parallel lines never meet. Perpendicular lines cross to make right angles.
