CUT-AND-PASTE SORTS · GRADES K–1

How Many Sides? Shape Sort

Cut out the shapes. Count the sides on each one. Glue it under 3 sides, 4 sides or more than 4.

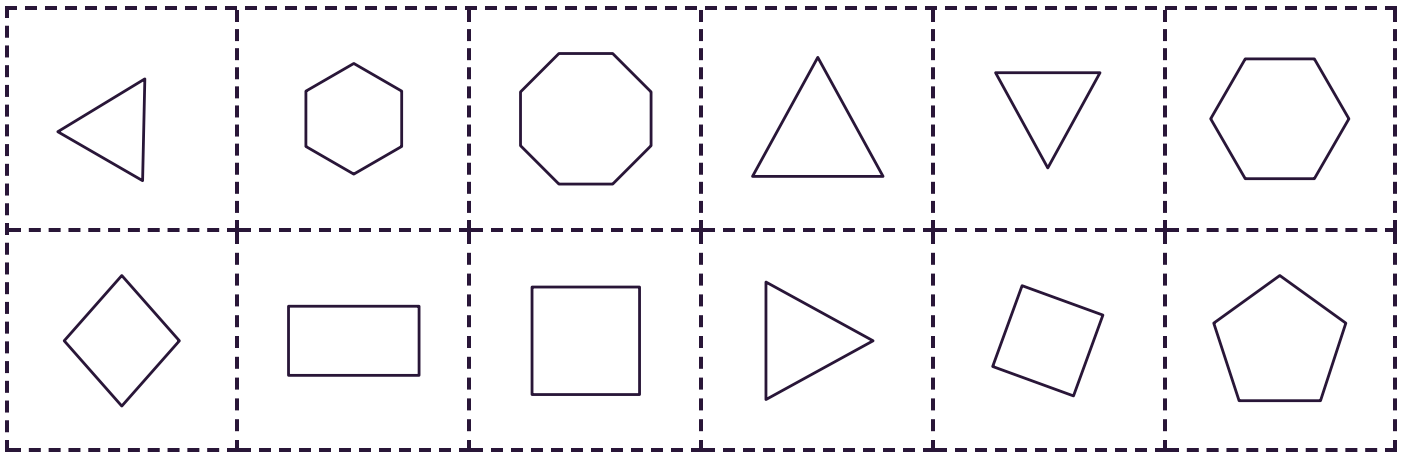

Name: _____ **Date:** _____

3 sides	4 sides	More than 4
Glue here	Glue here	Glue here

Count the straight sides with your finger. A turned shape still has the same number of sides.

✂ Cut on the dashed lines
