CLASSROOM · 3RD–5TH GRADE · BEHAVIOR REFLECTION · 18 OF 20

Choices and Consequences

Every choice leads somewhere. For each situation, write what might happen, then a choice that would turn out better.

Name: _____ **Date:** _____

The choice	What might happen	A better choice
Copying a friend's homework		
Cutting in line at lunch		
Talking while the teacher teaches		
Taking a pencil from someone's desk		
Saying a mean word to a classmate		

Think of a good choice you made this week. What happened because of it?
