Classroom Procedures Planner

Break each routine into three clear steps. Teach it, model it, practice it and write the date you practiced.

Teacher: _____ **Week of:** _____

Procedure	Step 1	Step 2	Step 3	Practiced
Coming in				
Sharpening pencils				
Bathroom				
Getting help				
Turning in work				
Fire drill				
Packing up				

Teach, model, practice, praise: show it, have a student show it, practice it as a class, then notice who does it right.
