Ways to help at home

- **Same time, same place:** pick a quiet spot and a regular start time.
- **Supplies ready:** keep pencils, crayons and paper in one box.
- **Ask, don't answer:** "What do you think the first step is?"
- **Short breaks:** a stretch or a drink of water after 15 minutes.
- Stuck? Have your child circle the problem and move on. Send me a note.
- **Celebrate effort:** notice how hard they tried, not only the answers.
