Hot Seat Interview

Write questions for a character in the hot seat, then answer them as that character.

Name: _____ **Date:** _____

How to play

1. One actor sits in the “hot seat” and becomes a character from a story or play.

2. The class asks questions. The actor answers the way the character would, using the character’s voice.

3. Good questions start with why, how and what if. They help you find out how the character feels.
