Feelings in French

Draw a face for six French feeling words, then tell how you feel today.

Name: _____ **Date:** _____

Some feeling words add an **e** when a girl says them: **content** becomes **contente**. Words that already end in e, like **triste**, stay the same.

Draw a face for each feeling.

content, contente (happy)	**triste** (sad)	**fâché, fâchée** (angry)
fatigué, fatiguée (tired)	**surpris, surprise** (surprised)	**calme** (calm)

Finish the sentence.
