Bugs at Work

Match six helpful bugs to the jobs they do, then draw your favorite.

Name: _____ **Date:** _____

Draw a line from each bug to the job it does.

honeybee ●	● spins thread we use to make silk
ladybug ●	● digs tunnels that let air and water into soil
dragonfly ●	● cleans up animal waste
dung beetle ●	● eats mosquitoes
ant ●	● carries pollen from flower to flower
silkworm ●	● eats aphids that hurt garden plants

Draw your favorite helpful bug doing its job.
