Plant Eater or Meat Eater?

Sort ten dinosaurs into plant eaters and meat eaters, with a clue about their teeth.

Name: _____ **Date:** _____

Teeth clue: plant eaters had flat or peg-like teeth for munching leaves. Meat eaters had sharp, pointed teeth.

Write each dinosaur in the right column.

Velociraptor · Tyrannosaurus rex · Allosaurus · Stegosaurus · Brachiosaurus · Ankylosaurus · Parasaurolophus · Spinosaurus · Giganotosaurus · Triceratops

Plant eater (herbivore)	Meat eater (carnivore)

Why do you think plant eaters needed flat teeth?
