Forms of Energy

Match light, sound, heat, electrical, motion and chemical energy to an example of each.

Name: _____ **Date:** _____

Draw a line from each form of energy to an example.

light energy ●	● a drum being played
sound energy ●	● a ball rolling across the floor
heat energy ●	● a flashlight shining in the dark
electrical energy ●	● food in your lunchbox
motion energy ●	● a warm stove
chemical energy ●	● a cord powering a TV

Name two forms of energy you used this morning.
