More Landform Words

Match peninsula, canyon, plateau, delta, glacier and dune to their meanings.

Name: _____ **Date:** _____

Draw a line from each word to its meaning.

peninsula ●	● land built from mud and sand where a river meets the sea
canyon ●	● high land that is flat on top
plateau ●	● a huge sheet of ice that moves very slowly
delta ●	● a hill of sand piled up by the wind
glacier ●	● land with water on three sides
dune ●	● a deep valley with steep sides, carved by a river

Which of these landforms would you most like to visit? Why?
