Season Riddles

Read eight clues and write the season each one tells about, then write your own riddle.

Name: _____ **Date:** _____

Word bank

winter | spring | summer | fall

Read each clue. Write the season. Each season is used twice.

1. Leaves change color and fall to the ground. _____

2. Snow falls and ponds freeze. _____

3. Flowers bloom and baby animals are born. _____

4. It is the hottest season, with the longest days. _____

5. Farmers pick pumpkins and apples. _____

6. Bears are asleep in their dens. _____

7. Rain helps new green plants grow. _____

8. Kids go swimming to cool off. _____

Write your own season riddle for a friend to solve.

_____

_____
