You Can Only Pick One

When you pick one thing, you give up the other. That is called a trade-off. Make each choice, then say what you gave up.

Name: _____ **Date:** _____

1. **You have $5. A kite or a puzzle? I pick _____. I give up _____.**

2. **It is Saturday. The pool or the park? I pick _____. I give up _____.**

3. **One treat: ice cream or popcorn? I pick _____. I give up _____.**

4. **Free time: a book or blocks? I pick _____. I give up _____.**

Which choice was hardest? Why?
