Landforms and Bodies of Water

Draw a line from each landform or body of water to what it is.

Name: _____ Date: _____

Word	What it is
Mountain	Land with water all the way around it
Valley	Low land between hills or mountains
Island	Very dry land that gets little rain
Peninsula	Very high land with a peak at the top
Plain	A long stream of water that flows to the sea
Desert	Flat land that goes on and on
Lake	Water with land all the way around it
River	Land with water on three sides

Draw a landform or body of water near where you live, and label it.
