Who Is in Congress?

Read about the two parts of Congress, then answer the questions.

Name: _____ **Date:** _____

Facts

- Congress makes our country's laws. It has two parts: the Senate and the House of Representatives.
- The Senate has 100 senators, 2 from every state. A senator is elected for 6 years.
- The House has 435 members. States with more people get more members. A term is 2 years.
- A senator must be at least 30 years old. A representative must be at least 25.
- Congress meets in the U.S. Capitol in Washington, D.C.

1. **How many senators does each state have?**

2. **How many senators are there in all?**

3. **How long is a senator's term?**

4. **How many members are in the House?**

5. **Why does California have more representatives than Wyoming?**

6. **Where does Congress meet?**
