Colons in Times

A colon goes between the hour and the minutes, like 7:30. Write each time with numbers and a colon.

Name: _____ **Date:** _____

Example

- half past seven → 7:30 · nine o'clock → 9:00

1. six o'clock _____
2. half past three _____
3. a quarter past nine _____
4. ten forty-five _____
5. twelve o'clock _____
6. six twenty _____
7. two oh five _____
8. a quarter to eight _____

What time does school start? Write it in a sentence with a colon.
