Edit for Verb Tense

This paragraph tells about the past, so every verb should be in the past tense. Find the 6 verbs in the wrong tense and fix them.

Name: _____ **Date:** _____

Tip

- Look for clue words like *last summer* and *at night*. They tell you the story already happened.

Last summer, my family goes camping in the mountains. We pitch our tent next to a river. At night, we roasted marshmallows and tell stories. My dad sees a bear, but it runs away. In the morning, we hiked to a waterfall. It is the best trip ever.

Copy the paragraph with every verb fixed.
