How to paraphrase

- Read it twice. · Cover it. · Jot two key words. · Write it your way. · Check you kept the facts.

Hummingbirds are the smallest birds in the world. Their wings beat so fast that they make a humming sound. They can even fly backward.

In my own words:

A volcano is an opening in Earth's crust. When melted rock called magma pushes up, the volcano can erupt. Melted rock that flows out is called lava.
