The Mysterious Package

Read the start of the story. Then plan what is in the package and write what happens next.

Name: _____ **Date:** _____

The box on our front step had no stamp and no return address. It just said OPEN SLOWLY in big red letters. When I picked it up, it started to hum.

What is inside?

Who sent it?

What happens when you open it?

What happens next

I held my breath and slowly lifted the lid.
